

SAIL AWAY PACKAGE

In 2010, The University Club Conference and Events department will offer clients a unique opportunity that will invigorate, reward and challenge your delegates – a corporate sailing team building programme.

Sailing is a fantastic team activity involving planning, teamwork and the ability to act within a competitive, challenging and ever changing environment.

Aimed at giving your team a competitive edge, the corporate sailing experience delivers results in management, team building and communication.

No sailing experience is necessary, and the programme can cater for between 10-130 delegates on a fleet of 13 identical yachts.

AGENDA

Start with a morning team building/strategic planning session in one of the Club's elegantly appointed conference venues, then after a light lunch, make your way over to Royal Perth Yacht Club, conveniently located on the University's doorstep, to meet our qualified instructors and begin your sailing experience

3.5 hour sailing time includes safety briefings,
practice sail, race and post race briefing

For a more leisurely afternoon, you may prefer to relax
and simply cruise the Swan River
